

# Silv On Ice

Severtson Land & Cattle Co Semen & Embryo Sale :: March 20 & 21, 2025 :: [farmgatetimedauCTIONS.ca](http://farmgatetimedauCTIONS.ca)

# Welcome

Welcome to our First Frozen Genetics Sale. We felt it was time to clean up our inventory after 37 years of breeding Gelbvieh cattle.

There are roughly 800 units of semen on 45 different sires, all of which we have used in our program over the years. There is something for everyone. There are some newer bulls that we are still using and there are many 'Breed Legends' that the semen is very rare on offer. These bulls built our program!

On the embryo side, there are 70 embryos in the sale with 12 different donors being represented. Like the semen, there are some of the cows that we are currently flushing like Sugar & Spice 356D, Lisa 213D and Kitty's Glow 9423E, as well as some of our past greats like CK 71X, SLC 13H, and SLC 188C. The group also includes some of our original donors like SLC Felisa 51B and TSCC Miss Ranger 42W.

The semen is all qualified for Canada only. The embryos are qualified for Canada and USA, other than TSCC Miss Ranger 42W who is only qualified for Canada.

If you have any questions about any of the lots, please feel free to give me a call.

Thanks.

*Scott & Lisa Severtson*
